## Kitchen faucetry by California Faucets

Combining Italian design and American craftsmanship, we've created kitchen faucets that embody all you've come to expect from California Faucets.

Each is handcrafted with our signature solid brass construction and is available with a squeeze spray handle or pull-down sprayer that toggles seamlessly back and forth between stream or spray. All spouts swivel 360 degrees for maximum reach and flexibility. With our kitchen faucetry, you can choose from multiple handle options available in more than 25 finishes, including 12 PVD finishes that come with a lifetime warranty against tarnishing. That's important considering your kitchen faucet is used dozens of times each day, more than any other plumbing fitting in your home.

The kitchen is a place where family and friends come together. Let our Custom Faucetry<sup>®</sup> help you unleash your inner chef and make your moments memorable.

Buon Appe<u>tito!</u>

All kitchen faucets by California Faucets are handcrafted with the quality details above.

*From Our Hands to Your Home* is more than just a slogan, it's the very essence of our company's innovative heritage and brand philosophy.

Our faucets are hand crafted one at a time because you're one of a kind. In a world of the mass-produced, "one-size-fits-all," California Faucets offers fittings that fit you. No matter which of our products you choose, you're assured that each is made-to-order and customized as you like. Using materials sourced to stand the test of time, then artisan finished and assembled by hand in our Huntington Beach factory, every California Faucets product is unique. Just like you.

We value custom craftsmanship and do not mass-produce. Our factory artisans proudly design, engineer, finish, and assemble your faucet in our Huntington Beach, California factory.

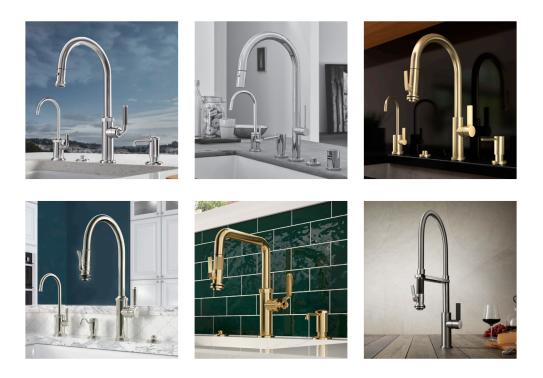

©2022 California Faucets | california faucets.com | Created by California Artisans California Faucets proudly employs more American labor per faucet sold than nearly every other faucet manufacturer.
