**PRESS RELEASE**

**Davoli Series Single Handle Combo  
Hot and Cold Water Dispenser**

## Combination Hot and Cold Water Dispensers Added to California Faucets' Award-Winning Kitchen Collection

With a unique single handle design, the streamlined dispensers perfectly coordinate with other handcrafted Kitchen Collection offerings for a cohesive style statement

**(Huntington Beach, CA, September 6, 2018)** The award-winning Kitchen Collection from California Faucets continues to expand with the addition of Combination Hot and Cold Water Dispensers. Blending the hot and cold dispensing functions into one stylish element, the hand-finished dispensers perfectly coordinate with existing Kitchen Collection designs. A rarity in the industry, the single-handle design offers a more streamlined, uncluttered look, allowing designers and homeowners alike to make a consistent style statement throughout the kitchen. Plus, a large array of customizable handles and hand-applied finishes offers unlimited personalization options.

"Today's luxury kitchens shouldn't sacrifice style for convenience. By blending both the hot and cold functions into one single handle mechanism, we eliminate bulk and excess, keeping the focus on clean design," says Jeff Silverstein, President and CEO of California Faucets, explaining that handles rotate forward for cold filtered or tap water and backward for instant hot water.

Safety features such as an insulated body and spout and self-closing hot water mechanism help prevent against scalding or burns.

Sculptural and ergonomic, the Hot and Cold Water Dispensers are in harmony with the same Italian-inspired design and California craftsmanship as the original kitchen collection. After choosing a traditional or modern faucet body, designers and homeowners get to select from nearly a dozen unique handle options ranging from traditional-style Porcelain Lever to more contemporary Black Blade and Stick designs. For further customization, they can select any one of the 30-plus available artisan finishes, which includes 15 PVD finishes with a lifetime guarantee against tarnishing. Plus, like all California Faucets kitchen and bath faucets and accessories, buyers can be assured each dispenser is made of the highest quality solid brass with no plastic parts and its hand-finished at the company's Huntington Beach factory.

The single handle Combination Hot/Cold Dispenser design measures 10 <sup>3</sup>/<sub>4</sub>-inches overall with 2 <sup>5</sup>/<sub>16</sub>-inch base diameter and 4 w-inch spout to center. With a maximum flow rate of 1.0 gpm, prices range from \$529 for Polished Chrome to \$846 for Premium Finishes including Lifetime Polished Gold (PVD) and Carbon (PVD). Hot water dispensing requires Hot Water Tank (9628SS), sold separately.

### About California Faucets

At California Faucets we believe in **artisan hands**, not mass production. Since 1988, our factory in Huntington Beach has manufactured handcrafted bath products available in more than 30 artisan **finishes** that can be easily customized or purchased exactly as shown in our catalog. We proudly provide the latest in bath and shower technology with innovations such as **StyleDrain®**, **StyleTherm®**, and **ZeroDrain®**. These groundbreaking innovations turn utilitarian products into beautiful design statements and are the heart of our ever-evolving line of bath faucets, shower fittings, luxury drains, and accessories. We've also applied the same handcrafted quality and custom options to a full line of kitchen faucets. Our **Kitchen Collection** combines Italian design with California craftsmanship and offers a full range of matching accessories for a thoroughly coordinated look. For more information about California Faucets call 800-822-8855 or visit [www.californiafaucets.com](http://www.californiafaucets.com).
