

Introducing Multifunction Handheld Showers By California Faucets

The European-style plumbing fixtures
blend flexibility and style

(Huntington Beach, CA, October 22, 2009) California Faucets has introduced its new collection of stylish multifunction handheld showers. Available immediately at plumbing showrooms and kitchen and bath dealers nationwide, the collection's flexibility lies in more than just the hose. With several decorative finishes and designs, the collection reveals extraordinary versatility, especially when teamed with California Faucets' broad assortment of customizable style options in bath faucets and fixtures.

California Faucets handheld showers complement a wide range of decors from traditional to ultra contemporary styles. The contemporary collection features dynamic curves and minimalist lines that enhance the most modern of spaces. The traditional style, with its more graceful arches, fits into a bounty of spaces, from vintage to transitional.

Handheld showers are a decidedly European bath feature that many US homeowners are seeking. Behind the elegant styling lies practical application. For ladies in need of a quick rinse, the handheld shower allows them to bathe easily without wetting their hair. The disabled, or homeowners in need of ADA-compliant showers, will find California Faucets multifunction handhelds a solution that allows them to sit while they bathe. Homeowners will also find cleaning the shower an easier task with the handheld.

Flexibility is another asset of the spa-inspired multifunction handheld shower. The traditional style handheld has the option of adjusting for jetted, massage and a champagne spray, which delivers a lighter, more soothing shower experience. The contemporary style has jetted and massage-spray settings. Moreover, California Faucets handhelds offer smart engineering that allows homeowners the option to adapt their showers for additional water conservation.

California Faucets multifunction handheld showers are available in four finishes: Polished Chrome, Polished Nickel, Satin Nickel, and Oil Rubbed Bronze. Shower faces are Matte Black. List price for the contemporary multifunction handheld shower is \$76 and \$98 in a special finish. List price for the traditional multifunction handheld shower is \$84 and \$109 in a special finish.
